JUST STOP OIL MEETINGS

Civil Resistance 2022

There are two upcoming meetings in the Swansea area in the next few weeks. Find out what the strategy is to stop licences for new oilfields, stop subsidies for oil and gas extraction, and expedite transition to a sustainable energy system in this country.

One in Five UK Councils Have No Climate Action Plan... [Guardian Article](#)

Swansea is way down the list at 19% - worth looking at this given the council proposals?

National News/Events

Senedd Budget - Towards a Greener Economy.

Build a stronger, greener economy as we make maximum progress towards decarbonisation. Read the plans [here](#).

(A member of SwanseaCAN emailed this to be distributed with the thought that we may use it to put pressure on the Senedd to act.)

COP26 Coalition Local Hub Debrief

44 local coalitions formed in the run up to COP26, the Swansea Coalition being one of them, later developing into SwanseaCAN.

Just under 100 people attended a debrief on 8th Dec. There was a clear desire and will to carry on organising and building power around climate justice and resistance to climate inaction. Further events will be organised. [Recording](#) [Discussions](#)

Project partners will present a range of tools developed for engaging with local authorities, educators, young people, community groups, policymakers and academics.
